The Solana Empowered team is comprised of industry leaders in temporary housing with more than 60 years of combined experience. We pride ourselves on offering award-winning customer service and a totally seamless, personalized experience.

## OUR FOUNDER

---

Claudia Gorman is a passionate visionary that partners with clients and suppliers to expand their options, reduce cost and ultimately improve outcomes. After spending nearly two decades in the corporate apartment space, Claudia knows what truly drives successful results. Claudia's Brazilian hospitality and people skills made it possible for her to build a successful cleaning business and then a premier corporate housing enterprise in Tampa, Florida. Similar to many creative entrepreneurs, Claudia realized that in addition to hospitality, innovation was critical. This unique understanding led to the development of the Solana Empowered concept; hospitality combined with technology. In addition to running Solana, Claudia also actively involved in mobility related trade groups and WBENC, Women's Business Enterprise National Council.
